

Let's Talk TRASH

Achieving Sustainability Goals for Small Business Owners

Guest Speaker - Felicia Madison
*Commercial Sustainability Manager,
Solid Waste Management, ReWorksSA*

Wednesday, Oct. 1, 2025

11:00 a.m. – 1:30 p.m

Launch SA, 600 Soledad St.
San Antonio, TX 78205

Ready to cut waste, save money, and boost your business's eco-cred? Join us for an eye-opening session designed to help small business owners take control of their sustainability goals—and get recognized for it. Presented by **ReWorksSA**, a program of the City of San Antonio's Solid Waste Management Department.

This workshop will introduce you to free services that can help your business:

- Conduct waste audits and assessments
- Access sustainability tools, resources, and supplies
- Earn certification and recognition for your sustainability efforts

Whether you're just getting started or looking to improve your green practices, this session will show you how to make sustainable changes that matter—for your bottom line and your community.

Learn how to become a ReWorksSA Certified Business and join a growing network of local sustainability leaders.

Space is limited—reserve your seat today and take the next step toward owning a home built for your entrepreneurial lifestyle.
