SUBJECT

Documentation of Face-to-Face Meeting –
November 2024
Calaveras Power Station
San Antonio, Texas

REFERENCE

Project No. 0725366

Dear Mr. Malone:

CPS Energy owns and operates the Calaveras Power Station which includes two power plants [J.T. Deely (ceased operation at the end of December 2018) and J.K. Spruce] that have Coal Combustion Residuals (CCR) units subject to regulation under Title 40, Code of Federal Regulations, Part 257 (40 CFR §257), Subpart D (a.k.a. the Federal CCR Rule) and Title 30, Texas Administrative Code, Chapter 352 (30 TAC §352), Subchapter H (a.k.a. the Texas CCR Rule), collectively referred to as the CCR Rules. Per the CCR Rules, an annual face-to-face meeting or exercise must be held between representatives of CPS Energy and local emergency responders.

The annual face-to-face meeting or exercise must be held regardless of whether one of the emergency levels has occurred. If an incident defined by one of these emergency levels occurs, then the annual meeting date may be moved to discuss the incident.

This letter documents the annual face-to-face meeting / exercise conducted on November 14, 2024. This meeting was attended by representatives of CPS Energy, Texas Commission on Environmental Quality (TCEQ), San Antonio River Authority (SARA), San Antonio Water System (SAWS), Bexar County, City of San Antonio Police and Fire Departments, Federal Bureau of Investigation (FBI), and Republic Services, Inc. This letter must be maintained in the facility's operating record and must be uploaded to the established CCR website.

Should you have any questions, please contact Environmental Resources Management Southwest, Inc. at the number listed above.

Yours sincerely,

Walter 'Wally' Zverina
Principal Consultant
