

Dear Customer,

We are writing to let you know that AEP Texas and CPS Energy are rescheduling the Blu Lacy-Howard Road Transmission Line Project open houses planned for Tuesday, August 25, Wednesday, August 26, and Thursday, August 27. We sincerely apologize for any confusion or inconvenience this change may cause.

At such time as the open houses are rescheduled, we will notify you by mail and through updates on the project websites. We appreciate your understanding as we work to ensure that potentially affected landowners and customers have sufficient time to provide feedback and learn about the project and how it will strengthen the electric grid.

We are focused on maintaining open communication about our current and upcoming projects to keep you informed.

To contact AEP Texas, or learn more, please visit aeptransmission.com/texas/blulacy-howard/ email us at AEPTexasOutreach@aep.com or call our Landowner Hotline at 1-833-329-4865.

To contact CPS Energy or learn more about the project, please visit www.cpsenergy.com/infrastructure and scroll down to the "Blu Lacy-Howard Project." You can also email us at Blulacy-Howard@cpsenergy.com or call our Landowner Hotline at (210) 353-6673, then select Option 0, followed by Option 1.

Thank you again for your patience and understanding.
