RE: Application of the City of San Antonio, Acting By and Through City Public Service Board (CPS Energy) and AEP Texas Inc. to Amend their Certificates of Convenience and Necessity for the Proposed Pawnee to Tango 345 kV Transmission Line Rebuild Project in Karnes and Bee Counties, Texas

PUBLIC UTILITY COMMISSION OF TEXAS (PUC) DOCKET NO. 58253

Dear «Formal»:

As part of our efforts to keep you and the public informed about electric transmission projects, we want you to know the City of San Antonio, acting by and through City Public Service Board (CPS Energy), and AEP Texas Inc. (AEP Texas) are requesting approval from the Public Utility Commission of Texas (PUC) to amend their Certificates of Convenience and Necessity (CCN) to construct the proposed Pawnee to Tango 345 kV Transmission Line Rebuild Project in Karnes and Bee Counties.

The proposed transmission line will connect the Pawnee Station in Karnes County to the AEP Texas Tango Station in Bee County. The entire project will be approximately 12 miles in length and is estimated to cost approximately \$86 million.

If you have questions about the transmission line, please call CPS Energy at (210) 353-6673 or AEP Texas at (361) 881-5703. The description of the proposed route and a map showing the proposed route is enclosed for your convenience.

The CCN application, including detailed routing maps illustrating the proposed transmission line project and project area, may be reviewed on the project website at

<https://www.cpsenergy.com/content/corporate/en/about-us/new-infrastructure/pawnee-to-tango.html> and at the following locations:

- CPS Energy, 500 McCullough, San Antonio, Texas 78215
- Joe Barnhart Bee County Library, 110 W Corpus Christi St, Beeville, Texas 78102

The route included in this notice are available for selection and approval by the Public Utility Commission of Texas.

The enclosed brochure entitled “Landowners and Transmission Line Cases at the PUC” provides basic information about how you may participate in this docket, and how you may contact the PUC. Please read this brochure carefully. Also included in this packet are sample forms for making comments and for making a request to intervene as a party in this docket.

The PUC’s brochure emphasizes the following: ***The only way to fully participate in the PUC’s decision on where to locate the transmission line is to intervene in the docket. It is important for an affected person to intervene because the utility is not obligated to keep affected persons informed of the PUC’s proceedings and cannot predict which route may or may not be approved by the PUC.*** CPS Energy will place updates on the project site listed above, however all affected persons are encouraged to participate in the process.

Your request for intervention should be filed electronically and you will be required to serve the request on other parties by email. Therefore, please include your own email address on the intervention form. Instructions for electronic filing via the “PUC Filer” on the Commission’s website can be found here: <https://interchange.puc.texas.gov/filer>. Instructions for using the PUC Filer are available at https://ftp.puc.texas.gov/public/puct-info/industry/filings/E-Filing_Instructions.pdf. Once you obtain a tracking sheet associated with your filing from the PUC Filer, you may email the tracking sheet and the document you wish to file to: centralrecords@puc.texas.gov. For assistance with your electronic filing, please contact the Commission’s Help Desk at (512) 936-7100 or helpdesk@puc.texas.gov. You can review materials filed in this docket on the PUC Interchange at: <http://interchange.puc.texas.gov/>.

In addition to the contacts listed in the brochure, you may call the PUC’s Customer Assistance Hotline at (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the PUC’s Customer Assistance Hotline at (512) 936-7136 or toll free at (800) 735-2989. If you wish to participate in this proceeding by becoming an intervenor, the deadline for intervention in the proceeding is July 21, 2025, and the PUC should receive a letter from you requesting intervention by that date.

While the preferred method is for you to submit your request for intervention electronically, if you are unable to do so you may mail 10 copies of the request to:

Public Utility Commission of Texas
Central Records
Attn: Filing Clerk
1701 N. Congress Ave.
P.O. Box 13326
Austin, Texas 78711-3326

Persons who wish to intervene in the docket must also mail or email a copy of their request for intervention to all parties in the docket and all persons that have pending motions to intervene, at or before the time the request for intervention is mailed to the PUC. In addition to the intervention deadline, other important deadlines may already exist that affect participation in this docket. The enclosed brochure explains how an interested person can access these filings.

Sincerely,

CPS Energy
